

Each year, a new design is conceived, hand cut, fired and painted. Every one personalized with the year and name. Used for teacher and student gifts, place cards at Christmas dinner, gift tags, these ornaments are a quick addition to your Christmas celebrations!

Since 1983, Personalized folk art ornaments have made their way out of the shop, and into countless homes, states, and countries. First sold at Kechi UMC church bazaar, they have become a tradition for many families over the years.

We hope that you will enjoy your handcrafted piece. Because each piece is individually made, there may be variations in technique, glaze, and impressions. These are not imperfections, but add to the pieces character and individuality. All of our glazes are lead-free and food safe. For continued life of your pieces, we recommend no metal utensils, electric blenders, etc. Hand washing is recommended, and we advise that you do not leave them immersed in water for a prolonged period. While the microwave and dishwasher are safe, limited use of these appliances is best, as it will ultimately effect the finish of the ware.

and herb farm is a common theme.

Scripture bowls have been a mainstay of our handmade line for 20 years. Using a combination of clay mediums including wheel, bat cast and manipulation, we hope these hand crafted bowls give the owner much pleasure for many years to come.
